Read Before Installing or Using DEC Notes Version 2.5

AV–PL4CE–TE

Whether you are a new or a continuing DEC Notes customer, please take time to read the following information about your product.

Installation Information

DEC Notes Version 2.5 with the DECwindows interface requires VMS™ Version 5.4 or higher and VMS DECwindows™ Motif® Version 1.0 or higher. The character-cell interface requires VMS Version 5.4 or higher.

Previous versions of DEC Notes do not need to be installed before you install this version.

TeamLinks™ Information

The format of the TeamLinks license reserve list has changed. System managers should read the Release Notes for detailed information on these important changes.

Release Notes Information

The release notes for DEC Notes Version 2.5 contain important installation-related instructions and a summary of new functionality, problems fixed, and known problems.

You can read the release notes before installing DEC Notes Version 2.5 by invoking VMSINSTAL and following the instructions in the *DEC Notes Installation Guide*. You can locate the release notes after installing DEC Notes Version 2.5 by typing the following command at the DCL level ($):

```
