AV-QAAWC-TE

April 2000

Please read this cover letter before installing your software kit for Compaq OSAP for OpenVMS Version 3.1.

Dear Customer,

Congratulations on having purchased the enclosed kit belonging to Compaq's Compaq OSAP product. Depending on the exact Compaq part number ordered, your kit will be made up of the following components:

- License only for Compaq OSAP/H1 for OpenVMS Alpha or OpenVMS VAX
- License only for Compaq OSAP/AP for OpenVMS Alpha or OpenVMS VAX
- Documentation only kit, consisting of the following manuals:
  - Compaq OSAP for Compaq OpenVMS Installation Guide
  - Network Managers and Programmers Guide
- Above hard copy documentation kit + binaries on TK50

Release Notes

You can print the release notes during installation. The release notes contain various information, including restrictions, incompatibilities and amendments to documentation. Refer to the Compaq OSAP for OpenVMS Alpha Installation Guide for details of how to access and read release notes.
