Please read this cover letter before installing your BASEstar Device Access software kit.

Dear BASEstar Customer,

We are pleased to supply you with Version 3.1A of BASEstar Open DAS for Allen-Bradley Data Highway on OpenVMS. This product allows users to access Allen-Bradley Programmable Logic Controllers through BASEstar Open Device Services, BASEstar Open Data Services or Compaq OMNI Services.

For installation instructions, please refer to the "BASEstar Open DAS for Allen-Bradley Data Highway on OpenVMS" manual packaged in the product documentation kit. The release notes for this product also contain installation-related instructions, plus summary of technical changes, known problems, restrictions, and incompatibilities. You will find the release notes at SYS$HELP: on the release kit.
