Please read this cover letter before installing your BASEstar Device Access software kit.

Dear BASEstar Customer,

We are pleased to supply you with version 3.1A of BASEstar Open DAS for Modicon on OpenVMS. This product allows users to access Modicon Programmable Controllers through BASEstar Open Device Services, BASEstar Open Data Services or Compaq OMNI Services.

For installation instructions, please refer to the "BASEstar Open DAS for Modicon on OpenVMS" manual packaged in the product documentation kit. The release notes for this product also contain installation-related instructions, plus a summary of technical changes, known problems, restrictions, and incompatibilities. You will find the release notes at SYS$HELP: on the release kit.
