DIGITAL SNA Application Programming Interface for OpenVMS

AV-KZ95E-TE

Dear Customer:

Thank you for purchasing the DIGITAL SNA Application Programming Interface for OpenVMS™ Version 2.5 software product. This package contains the DIGITAL SNA Application Programming Interface for OpenVMS Version 2.5 software and documentation. Please check the bill of materials to see that all the items listed are in your distribution kit. If any item is missing or damaged, please contact your Compaq representative.

Features

DIGITAL SNA Application Programming Interface for OpenVMS is a layered software product that allows OpenVMS™ systems to communicate with IBM® systems using the IBM System Network Architecture (SNA) protocols.

New features for Version 2.5 of DIGITAL SNA Application Programming Interface for OpenVMS include the following:

- OpenVMS V7.1 support
- All ECO changes since the release of Digital SNA Application Programming Interface for OpenVMS Version 2.4.

For complete information about the product, refer to the DIGITAL SNA Application Programming Interface for OpenVMS Version 2.5 Software Product Description (SPD 26.86.07).

Documentation

The DIGITAL SNA Application Programming Interface for OpenVMS, Version 2.5 documentation set includes the following Version 2.4 manuals (all dated May 1996):

- *Digital SNA Application Programming Interface for OpenVMS Installation* (AA-EW86E-TE)
- *Digital SNA Application Programming Interface for OpenVMS Programming* (AA-P591G-TE)
- *Digital SNA Application Programming Interface for OpenVMS Problem Solving* (AA-NG05C-TE)

For additional documentation specifically relating to the Version 2.5 software, refer to the product's Release Notes (see the Installation section for more information about accessing the product's Release Notes).

Documentation is available in online format as part of the OpenVMS Online Documentation Library on CD-ROM. If you need to order any additional documentation, please contact your Compaq sales representative or refer to the ordering information in the *Software Documentation Products Directory*.

Installation

Register and load the product's PAK using the OpenVMS License Management Facility before you begin installation. Refer to the *OpenVMS License Management Utility Manual*, for complete licensing information.

Before installing the product, please take a few minutes to read the DIGITAL SNA Application Programming Interface for OpenVMS software release notes. The Installation manual describes how to access the product's release notes using the VMSINSTAL utility.

To install, enter the following:

$ @SYS$UPDATE:VMSINSTAL SNALU0025 device-name OPTIONS N
